

COURSE NAME: IAP100 Anatomy and Physiology I

Credit Value: 3
Total Course Hours: 42
Prerequisite Course(s): None
Corequisite Course(s): None

COURSE DESCRIPTION

This course introduces the learner to the normal development, structures and functions of the human body. The learner will examine the physiological components of the human body in order to obtain understanding on how the structures and functions of the body are related.

LAND ACKNOWLEDGEMENT

Canadore College resides on the traditional territory of the Anishinaabeg and within lands protected by the Robinson Huron Treaty of 1850. This land is occupied by the people of Nipissing First Nation, Treaty #10 in the Robinson Huron Treaty of 1850 since time immemorial.

PLAR INFORMATION

This course is not eligible for Prior Learning Assessment and Recognition.

COURSE LEARNING OUTCOMES

Upon completion of this course, the student will have reliably demonstrated the ability to:

- | | |
|---|---|
| <p>1.0 Use the appropriate terminology related to the organization, structure and function of the human body.</p> <ul style="list-style-type: none">1.1 Define anatomy and physiology.1.2 Name the following:<ul style="list-style-type: none">1.2.1 Levels of organization of the human body.1.2.2 Major organs for each body system.1.2.3 The directional terms that describes the location of body parts.1.2.4 The major body regions.1.2.5 The four (4) planes used in making sections of the body or body parts.1.2.6 The two (2) major body cavities, their subdivisions and membranes.1.2.7 The major organs located in each body cavity.1.2.8 The four (4) quadrants and nine (9) regions of the abdominopelvic region.1.3 Review the selected key terms (vocabulary) for each specific area of study/system studied. <p>2.0 Describe the location, development, structure and function of cells, tissues and organs of stated body systems.</p> | <p>2.1 The cell:</p> <ul style="list-style-type: none">2.1.1 Describe the structure of a typical cell.2.1.2 List the function of the major parts of a typical cell.2.1.3 Identify the two (2) processes that allow substances to enter and leave cells.2.1.4 Explain cellular respiration and its importance.2.1.5 Explain the role of DNA and RNA.2.1.6 List the two (2) phases of Mitotic cell division.2.1.7 Differentiate between mitosis and meiosis.2.1.8 Define homeostasis and explain its relationship to normal body functions2.1.9 List the five (5) basic needs essential to human life <p>2.2 Tissues and Membranes:</p> <ul style="list-style-type: none">2.2.1 Describe the distinguishing characteristics of each type of tissue and membrane.2.2.2 Identify the common location and function of each type of tissue and |
|---|---|

membrane.

2.3 Integumentary System:

2.3.1 Describe the basic structures of the skin and its layers.

2.3.2 Describe the basic functions of the skin and its layers.

2.3.3 Describe how skin color is determined.

2.3.4 Identify the accessory structures of the epidermis and their function.

2.4 Muscle System:

2.4.1 Compare the structure and function of the three (3) types of muscle tissue.

2.4.2 Explain the basic concept of muscle contraction.

2.4.3 Explain the relationship between muscle origin, insertion and action.

2.4.4 Identify the major muscles of the body.

2.4.5 Describe the location and action of the major muscles of the body.

2.5 Skeletal System:

2.5.1 Identify the major functions of the skeletal system.

2.5.2 Identify the composition of bone structure.

2.5.3 Explain the basic process of bone formation.

2.5.4 Name the two (2) divisions of the skeleton.

2.5.5 Identify the major bones of the axial and appendicular skeleton.

2.5.6 Compare cervical, thoracic, lumbar, and sacral vertebrae as to size, structure, and number.

2.5.7 Compare and locate examples of immovable, slightly movable and freely movable joints.

2.6 The Nervous System:

2.6.1 Name the anatomical divisions of the nervous system, their components and

functions.

2.6.2 Name the functional divisions of the nervous system, their components and functions.

2.6.3 Identify the two (2) types of cells that make up nerve tissue.

2.6.4 Describe how impulses are transmitted across a synapse.

2.6.5 Explain how the central nervous system is protected from injury.

2.7 The Special Senses:

2.7.1 Describe the basic function of sensory receptors, neurons, nerves and the cerebral cortex.

2.7.2 Describe the location of receptors for heat, cold, touch, pressure and pain.

2.7.3 Describe the location, structure, and function of olfactory and taste receptors, receptors involved in hearing, receptors involved in equilibrium and sight.

3.0 Examine the chemical composition and chemical interactions (life processes) of the human body.

3.1 Explain why knowledge of basic chemistry is important in the study of life processes

3.2 Describe the basic structure of an atom.

3.3 Distinguish between organic and inorganic compounds.

3.4 Identify the difference between acids & bases

3.5 Examine the concept of pH and its relationship to acids & bases in the body.

3.6 List the four (4) major groups of organic substances in the body and give examples and functions of specific types in each group.

3.7 Explain the role of enzymes.

3.8 Describe the role of ATP.

3.9 Explain the properties that make water such an important inorganic molecule in living organisms.

GENERAL EDUCATION

This is not a General Education course.

PROGRAM OUTCOMES

This course contributes to the following Ministry of Colleges and Universities approved program learning outcomes (PLO):

Dental Hygiene

2. evaluate clients' oral health status using determinants of health and risk analysis to identify needs, justify treatment decisions and provide appropriate referrals to other health care professionals as required.
3. design, implement and evaluate a range of primary, interceptive, therapeutic, preventative, and on-going oral health care services to meet the unique needs of clients.

Occupational Therapist Assistant and Physiotherapist Assistant

4. Promote a safe environment that prevents or minimizes potential physical or mental harm to the client, therapist assistant and others.
8. Perform the roles and responsibilities of the therapist assistant effectively through the application of relevant knowledge of health sciences, psychosocial sciences, health conditions, resource management and clinical procedures.

Practical Nursing

1. communicate therapeutically with clients and members of the health care team.
2. assess clients across the life span, in a systematic and holistic manner.
4. select and perform nursing interventions using clinical judgment, in collaboration with the client and, where appropriate, the health care team, to promote health and well-being, prevent disease and injury, maintain and/or restore health, promote rehabilitation, and/or provide palliation.
5. evaluate the outcomes resulting from all interventions in the nurse-client interaction and modify the plan of care as required.
6. act equitably and justly with clients and members of the health care team.
8. contribute to creating a healthy and safe work environment in a variety of health care settings.
9. practise in a self-regulated, professional and ethical manner, complying with relevant legislation and with the standards of both the regulatory body and the practice setting to provide safe and competent client care.

Respiratory Therapy

5. Assess and interpret relevant diagnostic and patient information when treating patients/clients* who are experiencing a range of cardio-respiratory* conditions.
6. Develop patient's/client's* plan of care in collaboration with patients/clients* and health care team members by identifying priorities, establishing goals and determining interventions to support optimal cardio-respiratory* outcomes.
8. Develop, implement and evaluate cardio-respiratory* related learning plans in collaboration with patients/clients*, families and health care team members to support client independence and self-management.

ESSENTIAL EMPLOYABILITY SKILLS OUTCOMES

This course contributes to the following Ministry of Colleges and Universities approved essential employability skills (EES) outcomes:

1. Communicate clearly, concisely, and correctly in the written, spoken, and visual form that fulfils the purpose and meets the needs of the audience.
2. Respond to written, spoken, or visual messages in a manner that ensures effective communication
5. Use a variety of thinking skills to anticipate and solve problems
7. Analyse, evaluate, and apply relevant information from a variety of sources.
9. Interact with others in groups or teams in ways that contribute to effective working relationships and the

achievement of goals.

10. Manage the use of time and other resources to complete projects.

11. Take responsibility for one's own actions, decisions, and consequences.

EXTERNAL COURSE ACCREDITATIONS AND CONDITIONS

This course is a compulsory course within the Canadore College Practical Nursing Program, as reviewed and approved by the College of Nurses of Ontario

COURSE EVALUATION

Quizzes/Tests/Exam 100%

PROGRAM SPECIFIC GRADING

Successful completion of this course requires a minimum grade of C.

GRADING SYSTEM

A+:	90-100%	B+:	77-79%	C+:	65-69%	D:	50-54%	S - Satisfactory
A:	85-89%	B:	73-76%	C:	60-64%	F:	0-49%	I - Incomplete
A-:	80-84%	B-:	70-72%	D+:	55-59%			F- Repeat Course, included in GPA
								FS- Failure Supplemental
								FR- Repeat course, excluded from GPA

*For a complete chart of grades and descriptions, please see the Grading Policy.

LEARNING RESOURCES

Course Textbooks:

Required:

Title: See Below

ISBN:

Edition:

Author:

Other Resources:

Required:

Martini. F. & Bartholomew. E. (2020) Essentials of Anatomy & Physiology Etext Access Card plus Mastering A&P Package ISBN - 9780135215753.

IAP100/IAP120

Resources listed on the course outline support the achievement of learning outcomes, and may be used throughout the course to varying degrees depending on the instructor's teaching methodology and the nature of the resource.

LEARNING ACTIVITIES

Online activities/discussions

In class activities/discussions

DELIVERY MODE

This course may be delivered, in whole or in part, in a number of modalities, including in class, online, hybrid, in a synchronous or asynchronous manner or a combination thereof, as per accreditation and/or regulatory standards where appropriate.

RECORDING GUIDELINES

This class may be recorded by faculty of the College. Faculty will inform students when recording of the class commences and ceases. 'Recorded' means that the audio-visual and chat portions of the class will be recorded and then be stored on the College or vendor provider server. They will be made available to students, but only for the express and sole use of those registered in this course. If you have any questions or concerns about this recording, please contact your instructor or the College's privacy officer at privacy.officer@canadorecollege.ca. Full recording guidelines can be found at: <https://cdn.agilitycms.com/canadore-college/academic-centre-of-excellence/Canadore%20Recording%20Guidelines.pdf>

ACADEMIC POLICIES

Canadore College is committed to the highest standards of academic integrity, and expects students to adhere to these standards as part of the learning process in all environments. The College's Academic Integrity policy seeks to ensure that all students understand their rights and responsibilities in upholding academic integrity and that students receive an accurate and fair assessment of their work. Please review the Academic Integrity policy (A-18) and other academic policies found on our website: <https://www.canadorecollege.ca/about/policies>.

COLLEGE POLICIES

- Protecting human rights in support of a respectful college community

For college policies please see: <http://www.canadorecollege.ca/about-us/college-policies>.

STUDENT SUCCESS SERVICES - Your Success Matters!

Student Success Services provides student-focused services to facilitate students' success in their studies. Staff provide support by reducing and/or removing educational-related barriers through individualized accommodations and supports to students with disabilities.

Please visit our webpage to learn more: <https://www.canadorecollege.ca/support/student-success-services> or look for our events on social media.

To connect with Student Success Services email studentsuccessnow@canadorecollege.ca or call 705.474.7600 ext 5205.

FIRST PEOPLES' CENTRE:

A culturally safe environment offering CONFIDENTIAL student focused services, drop in or make an appointment to access:

- One on one counselling
- Elder in residence program
- Peer tutoring
- Peer mentorship
- Lunch & learn workshops on study skills, self-care, life skills
- Learning Resource Centre

Drop by our offices at C254 College Drive, E101 Commerce Court or call 705 474 7600 Ext. 5961 College Drive / 5647 Commerce Court.
